

Product Data Sheet (PDS)

DETBOOST 118

Scale Removal for Dish Wash & Metal Cleaning

PRODUCT FEATURES:

It is designed specifically to remove scale on surface of glass and metal products. Using **DETBOOST 118** in cleaning formulations can boost overall cleaning of metal and glass surfaces in very effectively.

APPLICATION :

High Total Dissolved Solids (TDS) water is the main culprit for formation of scale over a period of time. It gives patches/hard water footprint on the surface of glass and metal which need to be removed during washing. By incorporating **DETBOOST 118** in cleaning formulation, scale can be removed from the surface and give shining on the glass/metal surface. The product is very effective scale removal due to its unique chemistry.

PRODUCT DESCRIPTION:

DETBOOST 118 is a unique product having excellent inhibition against Calcium Carbonate, Calcium Sulfate, and other heavy metal Sulphate scales which are observed in hard water. It is excellent Scale removal which can kill hardness of the water with very effective and efficient manner in all kind of aqueous base cleaning formulations.

SAFETY / PACKING :

DETBOOST 118 is available in 50/200 liter drums and in bulk packing on special request. Safe Handling of **DETBOOST 118** is recommended in MSDS which is available on request.

TYPICAL SPECIFICATIONS :

Appearance @ 20°C	Yellow to Brown Liquid
Sp. gravity @ 20 °C	1.14 ± 0.05 g/cc
pH @ 20 °C	< 2
Solubility	Soluble in Water
